Living is about art

**Great things are not done by impulse,
but by a series of small things brought
together. (Vincent Van Gogh)**

Design is element arrangement for certain purpose

Design is is a form of communication that conveys a specific message to specific audiences through the means of words and type, images and other graphic elements and layout. Graphic design is a mixture of art and business. Taking an artistic vision and applying it practically within a world of planning, client needs, budgets and materials. All graphic design employs the theories of art, but its main purpose is to be useful and functional

Company Introduction

Company Introduction

We specialize in making your Company look its best. With many years of experience designing high quality professional graphics and advertising material, we are the one source for all your Companies Design and Advertising needs. We believe to be successful, you must lead and, know when to follow. Becoming a leader is a lot of hard work and does not come cheap. Now more than ever advertising and marketing ringgits spent need to be effective in creating new streams of revenue for your company. Allow us to give you the competitive edge necessary to become a leader in your marketplace. Follow us, we want to work with you, expand on your ideas, and create the program best suited to your needs and budget. Our company can generate all types of artwork. As a full service based graphic design, print ad , and web site design company, Aie Graphic Design & Advertising has the ability to handle any project from start to finish. We can supply you with creative print ads, brochures, catalogs, point of purchase graphics, post cards, media packages, company logo's, and all corporate graphic material. Great sales material can bring excitement, interest and vibrancy to your business. We are based in and are dedicated to serving the needs of businesses. Aie Graphic Design & Advertising can provide you with print ad design to complete web site design. A high quality web site and professionally designed graphics can give your company the edge over your competition and bring in much needed new business. Now is the time to take your Company image to the next level and Aie Graphic Design & Advertising can get you on the road to improved success in no time.

Graphic design

Aie Graphic Design & Advertising Agency is a full service graphic design agency providing print graphics, web graphics, and logo design. As a full-service graphic design firm we centralize your graphic design needs. We can design graphics for any piece of printed-paper, business cards, stationery, flyers, brochures, posters, label/stickers, banner, bunting, greeting card, lanyard, menu, money pack, t-shirt printing and corporate premium . We also design graphics used for the web. Many graphic design, print and web design projects that come our way require several specialty services. Print Design: Magazine advertisements, brochures, posters, stationery, business cards, newsletters and point of purchase (POP) / point of sale displays Illustration and Package Design Unique drawings, illustrations, and symbols, and icons for print advertising, web advertising, packaging, and other promotional materials Photo Scanning and Retouching: Custom photo scanning and retouching for all of your print advertising, web advertising, and other promotional materials. Website Graphics: Graphic images used in website design are specifically formatted for the internet and designed for visual impact. Some website graphics may include photos, Flash animation, illustration, and other forms of media. As professional graphic designers, we also design Company logos / Corporate ID and can re-design your current company logo. We can re-format print logos for use on the web and design new logos for print from an existing logos used on the web. What separates us is our ability to create high quality graphic design no matter where the design will be used. Hi-impact print advertisements that grab the attention of the intended market.

Print Ad

Print advertising can and should be a part of any company's marketing campaign. Aie Graphic Design & Advertising can handle all your print ad design needs. We are able to design an ad for any piece of printed-paper; our services also include the design of business cards, stationery, flyers, sales sheets and corporate premiums & gift. How does it work? We design the layout; you proof it by viewing the layout on the Email or in person. Files can be mailed to you and your local printer in their desired format, or we can make arrangements for ad placement, printing, bindery, and delivery. If you choose, we can handle it all. How you represent your Company to the marketplace affects the type and amount of business you will attract. Aie Graphic Design & Advertising can help you shape and define the most impressive profile for your business through print advertising and related services. A precise and well-defined objective is crucial to good print ad material. If your objective isn't right on, then everything that follows will be off as well. At Aie Graphic Design & Advertising, we will help you figure out whom your message is intended for and define your target audience. Depending on your target market, we will design an ad that clearly conveys your message. A lot can be done with a small ad so long as it's strong, clear, and properly targeted. We know concept is the underlying creative idea that drives your message. Even in a big ad campaign, the concept will typically remain the same from one ad to another and from one medium to another. Only the execution of that concept will change. So, by developing a concept that is effective and powerful, we will open the door to successful and effective print advertising. We are ready to start when you are, we will make your Companies print advertising superior to the competition.
